## Editors note

Well, I think this issue will be quite lean. Everybody is busy with shooting and holidays too so my usual contributors are a bit thin on the ground. By now the closing date for the Outdoor Championships has passed, hopefully you remembered and got your entry away! If so see you in London. As we head for the AGM though, the age old issue of committees raises its head. Without an effective committee any organisation will suffer, and that effectiveness can only be achieved by willing, active participants. Pressganged victims are not the way forward. So please think about that part of the AGM when the Chairman asks if anyone wants to stand for the various committee posts. Consider putting your hand up. I'm fully aware that many of you already serve on your own club or county committees, as I do. But somebody has to, and it could be you.

## Membership renewals

One of my tasks as Editor (because I have the printer!) is to produce the sticky membership labels, and this is my first year of so doing. If I've done my job correctly, inside the envelope that the Newsletter came in, you will find your personalised label. (Always assuming that your feesa are up to date!) Please check the details re numbers and areas/regions. The information is lifted from the master file so if we don't have the correct data, then it won't be on your label. Also, obviously, a large number of the members receive the Ascham electronically, which means no envelope.... I did consider printing labels and attaching to the email, for each member to print out and affix to their card. But in the end, I have produced the labels, cut them, and posted them to all members. Items of mail do go missing with apparently increasing regularity, so if you haven't received your label by the end of August, please let me know.
